## Step-by-step guide for the University Bibliography

(as of September 2025)

### The [University Bibliography](#) of the Friedrich Schiller University Jena

The University Bibliography of the Friedrich Schiller University, including the University Hospital, records your scientific publications.

Since 2022, the bibliography has been continuously expanded by the [Thuringian University and State Library Jena \(ThULB\)](#). Entered publications come from databases, publication lists or are reported directly by you. The University Bibliography Team at the ThULB checks all entries editorially and ensures quality and consistency of the metadata.

With your user profile in the University Bibliography, you can have your publication list maintained automatically – e.g. via the university's content management system (CMS, [How to](#)) or by connecting it to your ORCID profile. All titles entered in the University Bibliography will then be automatically displayed on your personal University-Webpage or in your ORCID profile.

### Are you missing publications? Support us and report your publications

The following steps will show you how to contribute to completeness and at the same time increase visibility of your research.

## University Bibliography: Step-by-Step

### Submission of several publications and publication lists

#### Description

Please, send your publication list by e-mail to: [unibibliographie\\_thulb@uni-jena.de](mailto:unibibliographie_thulb@uni-jena.de) (preferred formats: bibtex, csv)

**FYI:** The ThULB editorial team will import and process your submitted list promptly. You will receive feedback as soon as your publications have been editorially checked and listed in the University Bibliography.
